Lighthouse Employee Accepted into National Training Program

Mitch Erwin, HR/Safety Administrator for East Texas Lighthouse for the Blind, was accepted into the Effective Supervision Training Program through National Industries for the Blind. Erwin is 1 of 19 participants coming from 17 NIB Associated Agencies across the United States. Per the website “This program includes self-study and three participant-centered classroom sessions, spread over a period of 10 months. The program includes a session on performance coaching for participants' managers, who play a significant role in helping participants apply what they learn.”

“This program has already shown itself to be valuable to my own professional development as well as the development of the HR and Safety programs at ETLB.” stated Erwin. “I am very grateful to learn and grow as well as to represent our local agency on a national level. I anticipate many further learning opportunities throughout the year through this program. I am very much looking forward to teaching others all that I have learned.”

Erwin has already completed 2 of the 3 training sessions, with the final session scheduled for September 12-14, 2017 in Alexandria, Virginia.
